

Nevada Professional Facility Managers Association Giving Policy

Purpose:

The NPFMA has demonstrated its commitment to civic and social responsibility since its humble beginning in 1991.

NPFMA believes we have a responsibility and a commitment to the State we live and work in. Through our fund raising efforts, we lend support to the health, human services, and education, and to enhance the quality of life for the residents of Nevada. In the true spirit of diversity, we work with groups from many different backgrounds, tailoring our relationships and our assistance to meet their needs whenever possible.

Policy: The NPFMA Giving Policy initiatives encompass two main objectives:

- Showing our commitment through financial contributions to charities, civic organizations, educational programs and environmental initiatives;
- Actively promoting volunteer service among our members and demonstrating as a facility management association that we make a difference.

Focus Areas for Corporate Giving. We give preference to the organizations which are dedicated to the following activities (in no particular order below)

Health and Human Services

The NPFMA supports health and human services and education in the state we serve primarily targeting:

- Children and elderly in crisis
- Prevention of domestic abuse
- Literacy, education & child development
- Prevention of tobacco, alcohol and substance abuse
- Public health, particularly the immunization and screening of children
- Programs that are designed to feed, house, cloth or directly assist the needy
- Assist in preparing individuals to become productive employees

It is not possible for the NPFMA to fund every excellent and worthy proposal that matches our areas of interest. This is a function of limited resources and the large volume of requests. A decision to not fund a request should not be considered a reflection on the objectives of the applicant.

How to Apply for Charitable Giving:
