

Mike Messenger was born October 1970 at Southern Nevada Memorial Hospital (today known as UMC) right here in Las Vegas, Nevada. He has lived in Las Vegas all of his life except to take a short absence to accompany his father while on military duty serving in Germany. In 1990 Mike was hired by FASCO (Fastener and Supply Company). Fasco is the largest stocking fastener distributor in the state serving the construction, mining, gaming, MRO and OEM markets. After 25 years with FASCO, he has learned the industry's ins and outs from all angles as his experience has been through accounting, purchasing, warehouse management, inside sales and is currently working as an outside salesman.

Mike is very proud of our city and has been involved within the community serving the church, charities and being of service anywhere he can. A person you can count on, he is very honored to be a part of the NPFMA family and has been very active within the NPFMA as a committee member and participant of the Golf Committee. He is very proud of being invited to serve as a Director on the NPFMA Board. In his spare time, he is a vocalist and front man for a rock and roll band and he loves movies. He is eager to reach out to the NPFMA community saying, "I look forward to serving you and doing the best job that I can in representing the NPFMA and my work family at FASCO. Thank you and please contact me at any time for any assistance I may provide."
