PURPOSE

This Notice is to publicly notify potentially affected businesses in order to conform to the requirements of NRS 237.030 – 237.110, "Adoption of Rules Affecting Businesses". With this in mind, there are two questions for potentially affected businesses to consider:

1. Do the proposed charges impose a direct and significant economic burden upon your business? If you believe these changes do, please be specific as to why a particular charge imposes such a burden.

2. Do the proposed charges restrict the formation, operation or expansion of your business? If you believe these changes do, please be specific as to how and why a particular charge imposes such a burden.

Please review and evaluate how these changes will affect your business in light of the two questions listed. If you believe your business is affected by the proposed options, you must provide a response to the Las Vegas Valley Water District no later than 6:00 p.m., September 8, 2021.
